

Experts in maintaining your fenders

Fendercare Marine is an authorised distributor and repairer of Yokohama fenders

With decades of experience, we carry out and offer fender repairs and contract services in order to provide our customers with an outstanding return on investment. Our unique high protection net system offers increased durability and life expectancy.

Our cost-effective services include:

- Chain and tyre cage replacements, and components
- Fender body restoration – puncture and split repairs (subject to inspection)
- Overhaul, cleaning, inspection, testing and recalibration of safety valves (test certificate to be issued every two years)
- Holding a wide variety of chain and tyre net stock which can be utilised as spares. Nets can be supplied in: lorry tyre, aircraft tyre, lightweight nets, rope nets and non-marking tyres
- Maintenance work, performed at our global bases in the UK, Middle East, Brazil and Singapore
- Travelling worldwide to a site that suits your needs – and Covid-19 conditions allowing – at customers' own premises

We offer maintenance contracts ranging from 3 to 5 years, or ad-hoc that can be tailored to suit your needs. We also service other brands of pneumatic fenders.
